Guide to LightSong's Bachelor of Arts in Community Shamanism:

Cougar

Developed by the
Advisory Council for LightSong

Greetings Prospective Bachelor Candidates (Interns) of Shamanic Studies!

LightSong and its Council Members welcome you and invite you to inquire for yourself, with the spirits—

What is your deepest desire regarding your relationship with shamanism and energy medicine?

What are you seeking? What do you hope to create for yourself?

Do you wish to be recognized and credentialed for your work in shamanism? Do you wish to be of service to others, to LightSong, and help its community members, students, and teachers, to pursue healing and learning in a powerful way? Do you wish to commit yourself to a life of shamanism, healing, serving, and teaching, and be known for your exemplary success in your own unique area of healing?

At this point, you are aware that beyond the core curriculum provided by the school, LightSong offers three principle programs to deepen your relationship with shamanism and to elevate your vibration as a human being, as a healer, as a teacher, as a vehicle for the divine. The Bachelor of Arts in Community Shamanism Program (BA), Licensed Master Practitioner Program (LMP), and the Doctor of Shamanism Program (ShD). Each program has a particular focus, and is appropriate for people at different places in their shamanic studies.

Since you are in the early stages of shamanic learning, and your deepest desire is to be of service to others, to LightSong, and to expand your knowledge and leadership skills, then the Bachelor of Arts in Community Shamanism Program may be for you. This program is for the motivated student seeking to make a commitment to shamanism and to be in service to LightSong, beyond the casual enrolling in its classes. Interns (Bachelor Candidates) assist during classes and ceremonies, providing an invaluable support system for LightSong students, community members, and teachers. People who complete the Bachelor of Arts program will have an excellent foundation in shamanic practices, finely attuned leadership skills, and a deep connection with spirit and community. Their service is the backbone of the LightSong School, for which we are deeply grateful.

This Bachelor of Arts in Community Shamanism guide is designed to assist you in your inquiry, aspirations and desires with respect to shamanism. The Bachelor of Arts program will provide you with a level of certification that helps advance shamanism as an acclaimed form of healing, and supports a high standard of care for the people seeking healing. This is rigorous, and rewarding.

Please remember that the council is here for you, to be in partnership with you—to help you attain your highest vision for yourself in shamanism, in healing, in life.

Good Luck. Please contact us if you have any questions.

Much love and admiration to you,

The LightSong Council

BACHELOR OF ARTS IN COMMUNITY SHAMANISM PROGRAM

21st Century Shamanism and Energy Medicine™

Cougar Program

WELCOME

Dear Prospective LightSong Intern (Bachelor Program Candidate):

Thank you for your interest in the LightSong School of 21st Century Shamanism and Energy Medicine Bachelor of Arts in Community Shamanism Program.

The Bachelor of Arts in Community Shamanism Program is for the motivated students seeking to make a commitment to shamanism and service to others and/or LightSong beyond the casual enrolling in LightSong classes. LightSong Interns are essential to the growth, vitality and evolution of LightSong's programs and community. Thank you for your desire to step into this incredible circle of learning, service, deep connection with Spirit, and personal development.

The purpose of this Bachelor of Arts in Community Shamanism Program is to provide a forum for LightSong students to increase their depth of knowledge and understanding of the skills, techniques and art of core shamanic practices, while at the same time providing support to people in the LightSong School. The Bachelor of Arts in Community Shamanism Program provides a rich environment for personal growth and development, and for enhancing many life skills such as communicating, listening and moderating group dynamics. This program is also a place where people learn and grow through the power of community, and learn the deeper truths about being in community by being immersed in it.

The Bachelor of Arts in Community Shamanism Program is designed to come after students have completed and graduated from LV1 and LV2. The completion of these courses ensures that our interns have had a consistent level of practical classroom experience with the fundamental skills and techniques of core shamanism. Students from other programs are encouraged to apply and will be evaluated for equivalence in training. Interns continue on with their studies in the core curriculum, and assist with classes (among other roles discussed herein). The amount of time needed to complete the Bachelor of Arts in Community Shamanism Program is individual and will be determined by the desire and motivation of each candidate, *not to exceed five years*. During your Bachelor program, and thereafter, it is expected that you exemplify all that LightSong stands for, as discussed in the Ethical Standards and Cultural Norms sections of the program description. Completion of the Bachelor of Arts in Community Shamanism Program fulfills the coursework requirements needed in order to apply for LightSong's advanced educational and practitioner programs--the LMP and ShD Programs.

We recommend that you apply thought, energy and all of your shamanic talents to this application process, including engaging the spirits. The process should be emblematic of your shamanic talents.

The LightSong Council welcomes you. We wish you luck in this endeavor, and look forward to growing and learning with you.

Sincerely, In Spirit,

Jan and the Council of LightSong

PURPOSE AND GOALS OF THE BACHELOR OF ARTS IN COMMUNITY SHAMANISM PROGRAM

The purpose of the Bachelor of Arts in Community Shamanism Program is to provide a forum for students of LightSong School to be of service to the school and its' students, to develop teaching and leadership skills, and to deepen their knowledge, skills and understanding of core shamanic practices, as taught by LightSong. The program provides people who are interested in advanced studies with a structured program that fosters a deepened commitment of service to others and to their own learning and shamanic spirituality. People who complete the Bachelor's Program will have fulfilled the coursework necessary to be considered candidates of the advanced educational and practitioner programs offered by LightSong.

Goals of the Bachelor of Arts in Community Shamanism Program

The Bachelor's Program seeks to cultivate people who:

- have experienced and completed advanced shamanic coursework;
- demonstrate a comprehensive understanding of core shamanic practices as taught by LightSong School;
- connect deeply and work with Spirit in a potent manner on a regular basis and can help create the container for others to connect with Spirit;
- use their experience, understanding and connection with Spirit to effectively serve others through leadership, assisting in coursework, ceremonies, and other transformative shamanic experiences offered by LightSong; and
- exhibit a high level of personal development consistent with the Ethical Standards and Cultural Norms of LightSong and serve the school with integrity and heart.

Toward these goals, LightSong is committed to providing opportunities for Interns to:

Develop a comprehensive understanding of core shamanic practices through classroom and ceremony immersion. Graduates will have completed student coursework in the following LightSong classes: 101 Basic Shamanic Journey, 201 The Practical Shaman, two years of 301 The Universal Shaman, 303 Soul Retrieval Training, 304 Compassionate Spirit Release Training, and at least 2 years of the Telepathic Practicum in lead positions.

Advance their teaching and leadership skills through assisting with classes and ceremonies. Rich opportunities for learning how to cultivate and maintain a healthy, thriving, productive community is a keystone of the Bachelor's Program, and of life in LightSong. Interns assist with many of the above-mentioned classes and play significant roles supporting LightSong ceremonies. Interns take on leadership roles by assisting and by organizing the other assistants in classes, following up with students, and helping to track learning. Interns also play major support roles for LightSong ceremonies such as the Telepathic Practicum, Talisman and Firewalk Ceremony, and sweat lodges.

Deepen their ability to work productively with Spirit, in ordinary and non-ordinary realities concurrently, while maintaining a well-balanced state of being. Interns gain valuable experience listening to the spirits, interpreting their wisdom, channeling their power, and facilitating other's healing and learning. These vital ways of being are continually cultivated through participation in ceremony, active engagement in coursework, listening and watching as assistants in the classroom setting, and through diligent, committed personal practice living a shamanic lifestyle.

Actualize self-determined personal goals and manifest their dreams for themselves on their path. Active pursuit of personal growth is supported throughout the Bachelor's program through initiations with the spirits, learning from instructors, each other and students, and through navigating ordinary and non-ordinary reality while assisting and pursuing advanced knowledge in shamanism. Interns will enjoy a rich support network composed of LightSong mentors, teachers, program coordinators, the broader LightSong community and their own direct connection with Spirit. They are encouraged to be empowered creators of greatness in their lives through shamanic living and committed practice of shamanism and energy medicine.

3. Actively work to create harmony and friendly cooperation between all Shamanic practitioners and masters regardless of lineage or organizational affiliation.
4. Encourage all clients to use their own inner guidance in deciding who to receive Shamanic healing from or who to study Shamanism with, including the possibility of receiving healing from more than one practitioner.
5. Openly encourage all practitioners to do the best job possible.
6. Always work to empower your clients to heal themselves and to encourage and assist them in their personal growth.
7. Always treat clients with the greatest respect. Avoid all illegal or immoral activity with your clients; never touch their genital area or breasts, never ask them to disrobe, or never make sexual comments or references.
8. Abstain from the use of drugs or alcohol during all professional activities.
9. Practice Truth in Advertising. Be willing to openly discuss shamanic methods and practices, the fee that is charged, and the amount of time spent in sessions with any prospective clients. Acknowledge that Shamanism and Energy Medicine works in conjunction with other forms of medical or psychological care. If a client has a medical or psychological condition, suggest, in addition to giving them Shamanic healings, they see a health care practitioner if they are not already seeing one.

13. This licensure does not qualify you as a counselor or therapist, or any other kind of practitioner. Thus, you should never diagnose medical or psychological conditions or prescribe medications. Never suggest that a client change or end dosages of substances prescribed by other licensed health care providers or suggest the client change prescribed healing or interfere with the healing of a licensed health care provider.

14. We commit to assisting in advertising and promoting each other, realizing that gain for one is the gain for all.

15. To advance the healing art of Shamanism, we are also committed to establishing a standardized, organized and consistent method of documenting learning and evolutionary changes in people, their spiritual practices, and world views.

ASSISTING AT LIGHTSONG'S SWEAT LODGE CEREMONY

A Bachelor's Program Requirement

The lodge ceremony is a potent place of prayer, healing and purification. The sweat lodge ceremonies offered within LightSong are wonderful opportunities to apply and observe shamanism in action. LightSong lodges are most often poured (facilitated) by Marty Nelson and Lauri Shainsky; Jan Engels-Smith pours the pre-practicum lodge. As part of their extensive study in shamanism and service to LightSong, Bachelor's Program candidates are required to assist the water pourer and fire tenders at four sweat lodge ceremonies. There are a wide variety of duties and ways to be of service at the sweat lodge, all of which give the much-needed support it takes for the creation of ceremony.

The following information will assist you in determining how you can be of service. This information is also on the website at the Sweat Lodge 111 link.

Helping with Ceremony

Some of the roles that need to be fulfilled to make the ceremony possible include: hosting, parking assistance, lodge dressers, kitchen assistance, fire building and fire tending. There are two lodges that serve the LightSong Community. There are a few differences in protocol at these two locations, so the roles for each are described below.

At Hidden Lake:

This lodge is open to LightSong students and community members, and to friends & guests of Hidden Lake. To participate in any of the lodges all that is required is that you RSVP at least 5 days before the lodge is to occur. Women who are on their moon time are kindly asked to be in your ceremony from the comfort of your home, or from outside the lodge.

For Lodges at Hidden Lake, you can RSVP by emailing lauri@shamanicsoundhealing.com. You will then receive directions on how to get to the lodge if you have not been there before. You will also be asked how you would like to help with the ceremony.

West Side:

To participate in the LightSong Lodge on the West Side, all that is required is that you RSVP at least 5 days before the lodge is to occur by contacting Marty at marty.nelson@yahoo.com or 503-609-0505. You will then receive directions on how to get to the lodge if you have not been there before. You will also be asked how you would like to help with the ceremony.

At Both Locations:

The **Host** supports the ceremony by greeting people when they arrive, and orienting them as where to put their food, where to dress, as well as connecting new people with those who know about the ceremony. The host should arrive at least 2 hours before the ceremony begins.

Lodge dressers help clothe the lodge—putting blankets on her, preparing her for the ceremony. They should arrive no later than 1.5 hours before the ceremony begins.

Kitchen assistants are needed to help set up the celebratory feast that follows the lodge, and then to help clean up after the feast. Many hands make light work! You will need to arrive 1 hour before the ceremony begins and plan on staying for an hour after the feast (at the most).

Fire tenders work with the stone people and the fire. It is a beautiful part of the ceremony. They also help people dress the lodge. Fire tenders need to arrive at least 3 hours before the lodge is to begin. This role is typically set in advance by the water pourer, who makes a special request and offering for the fire tender to do this sacred service. People interested in learning how to tend fire can inquire.

The **Parking Assistant** helps people make the most efficient use of available parking space, and arrives 1.5 to 2 hours early.

We ask that ALL other people participating in the ceremony arrive at least an hour ahead of time. Arriving early allows you to slow down, connect with the land and the people, make prayer ties if you have not made them already, and help with preparing the site and lodge for the ceremony. The ceremony begins well before the time “doors” (the time that we go into the lodge) is scheduled to occur. In fact, many say that the ceremony begins 4 days before the lodge, and lasts for 4 days after the lodge. We have noticed that when people arrive early, the ceremony is richer and much more grounded. Preparing for ceremony is shared, and the energy and power of the lodge are more buoyant and potent.

As an Intern assisting the lodge ceremony, please contact the presiding water pourer of the lodge for which you would like to assist at least one month in advance of the lodge date. Lodge assisting positions may often be filled several weeks in advance so planning ahead will allow the water pourer time to thoughtfully plan his or her team.

When you contact the water pourer, please ask how you may assist in the sweat lodge ceremony, express any areas of assisting that are of special interest to you, and be willing to help in whatever way is most needed. Assisting in this sacred ceremony is a privilege, and a blessing. We appreciate your willingness to assist, and your dedication to honoring Spirit, in this way. It is also best that the internship paperwork not be a part of the ceremonial day’s concerns or activities. The process for verification of your lodge assisting roles is given on the Lodge Assisting Verification Form on the LightSong website.
